Contractor's obligations to indemnify, defend, and hold harmless include any claim by Contractor's agents, employees, or representatives, or any Subcontractor or its employees.

14.3 Intellectual Property

14.3.1 State's Use of Deliverables

Except as to claims concerning third party Hardware or Software, which shall be governed by Paragraph 14.3.2, Contractor shall, at its expense, defend, indemnify, and hold harmless the State from, any third party claim or action against the State which is based on a claim that the State's use of the Deliverables or any one or part thereof under this Contract infringes a patent, copyright, or other proprietary right of a third party or misappropriates a trade secret of a third party, and Contractor shall pay all liabilities, damages and costs (including reasonable attorney's fees) caused by or arising from such claim. 14.3.3 State Remedies

In case the Deliverables, or any one or part thereof, are in such action held, or in the Contractor's opinion are likely to be held to constitute an infringement or misappropriation, or the use thereof is enjoined or restricted, Contractor shall, at its own expense; (i) procure for the State the right to continue using the Deliverables; or (ii) replace it with a non-infringing equivalent, or (iii) modify the Deliverables to comply with the Specifications and to not violate any Intellectual Property rights. If none of these options can reasonably be taken, or if the use of such Deliverables by the State shall be prevented by injunction, Contractor agrees to take back such Deliverables and refund any sums the State has paid Contractor for the Deliverables taken back, and make every effort to assist the State in procuring substitute Deliverables at a cost similar to the amount paid for the original infringing product(s). If, in the sole reasonable opinion of the State, the return of such infringing Deliverables makes the retention of other items of Equipment or Software acquired from Contractor under this Contract impractical, the State shall then have the option of terminating this Contract, or applicable portions thereof, without penalty or termination charge to the State and Contractor agrees to take back such Deliverables, including but not limited to Equipment or Software, and refund any sums the State has paid Contractor.

14.3.4 Restrictions on Use

Notwithstanding the above, Contractor shall not indemnify the State to the extent that such claims arise from the State's misuse, modification or other alteration of the Deliverables and to the extent that such use or modification or other alteration to the Deliverables caused such infringement or misappropriation claim. However, the State shall be able to use the Deliverables in any legally permissible way, consistent with its ownership rights authorized under this Contract.

In addition, Contractor shall have no liability to the State under this paragraph which is based upon: (i) the combination or utilization of Deliverables furnished hereunder with Equipment or devices not made or furnished by the Contractor; or (ii) the operation of Equipment furnished by the Contractor under the control of any operating Software other than, or in addition to, the current version of Contractor-supplied Operating Software; or (iii) the modification by the State of the Equipment furnished hereunder or the Software; or (iv) the combination or utilization of Software furnished hereunder with non-contractor supplied Software.

1. Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to two times the Purchase Price during the period of DDI, and one time the purchase price for the period of M&O. For purposes of this sub-section: "Purchase Price" will mean the aggregate Contract price; "DDI" is the period of Contract performance ending upon final State Acceptance of the production CMIPS II application and the State's written Acceptance of Statewide Implementation as measured by the successful completion of the Post Statewide Implementation Review; M&O is the period of Contract performance that begins upon termination of DDI and continues through the end of the contract.
2. The foregoing limitation of liability shall not apply (i) to liability under Paragraph 14.3, Intellectual Property or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (ii) to claims arising under provisions herein calling for indemnification for third party claims against the State for bodily injury to persons or damage to real or tangible personal property caused by Contractor's negligence or willful misconduct; or (iii) to costs or attorney fees that the State becomes entitled to recover as a prevailing party in any action.
3. The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection 1 above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
4. In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that Contractor's liability for such damages is specifically set forth in this Contract; (ii) to the extent that Contractor's liability for such damages arises out of subparagraph 2(i), or 2(iii) above; or (iii) to the extent liability is for Federal sanctions or penalties.

14.6 Contractor's Liability for Injury to Persons or Damage to Property
